Bargain Festival Report

The recent "Bargain Festival" in which thirty Hondo stores participated brought many people to town. Store traffic in each participant's business was considerably increased according to various reports gathered over town.

Viewpoints of several merchants included the following: "The event caused quite a bit of interest. It brought people in to see our line, and we enjoyed meeting a lot of new friends. Everybody seemed to enjoy it. I think we should stage 'Bargain Festival' again. M. C. Jaegli.

"It brought a lot of people in who hadn't been in before. Some commented on seeing goods that they didn't know we had," Henry Windrow.

Seniors Give School New Flag Pole

CASTROVILLE — The first senior class to graduate from the Castroville Rural High School presented a flag pole to the school preceding the graduation exercises Friday evening. The pole is set in a concrete base at the east side of the entrance to the high school building and has a bronze plaque with the names of the graduates inscribed on it.

The presentation of the pole and the plaque was made by Donnie Tschirhart representing the Senior Class and was accepted by Jordan T. Lawler in the name of the School Trustees and patrons of the school. Mr. Lawler complimented the class on its selection of a permanent gift to the school as the flag will always be a reminder of the principles on which our government was founded, equal rights for all, which includes the right to higher education.

Medina Co. School Board Names Hardy

Upon the resignation of R. W. Ward of Hondo from the Medina County School Board, the five trustees elected W. T. Hardy of Hondo to fill out Ward's unexpired term.

At the meeting on May 29th, Hilmer Koch of D'Hanis was elected Chairman of the Board, and C. D. Sadler of Hondo, Vice-chairman.

The following minutes of the previous meeting were adopted as read. Here is a summary of those minutes.

Natalia
Supt. M. B. Tilley requested in writing the approval of one joint classroom unit for colored Scholastics of Devine and Natalia. The motion was unanimously carried.

Hondo
Supt. J. G. Barry applied a request for approval of the County Board for the Hondo High School to operate its own transportation for the 1953-54 term and receive funds for such directly from the agency. The request was voted and unanimously approved.

Yancey
The Yancey Trustee Board requested reclassification as a 12 grade high school system. Mr. Elroy Mofield, speaking for the Yancey Board of Trustees, stated that six teachers were employed, that a vocational agriculture and home economics teacher were were still to be employed, and that requested course of study for a four year high school would be employed.

He stated that although Yancey at present was not an accredited school, necessary efforts to meet the requirements were being made, and that high school enrollment was twelve, but beginning next term it would increase to about twenty. Mr. Mofield remarked that about 116 to 127 voiced their desire to keep the Yancey High School, and that most of their debts had been paid.

G. C. McAnelly spoke at length to reduce classification because of the low high school enrollment which necessarily would be too costly on a per capita basis, whereas the same funds could be utilized to a greater benefit for the scholastics as a whole if the school would be reduced to an elementary system. He also emphasized the fact that by trying

to operate a high school, the lower grades were being neglected. Anton Hardt and Attorney Francis Richter also spoke in opposition to reclassification.

Upon vote of the School Board Yancey was awarded a two-grade system. The vote was three to two.

Upper Quihi
Fritz Hartman of the Upper Quihi School Board requested a reclassification of eight grades. The motion on vote carried unanimously.

Rothe School
Jesse Burger made a formal request to reclassify the Rothe School as eight grades. There was no opposition, and the motion carried unanimously.

Veterans School
Bill Hunt, co-ordinator of Medina County Veterans School gave an oral summary of the school. He reported two Agricultural classes, one mechanics class and one Distributive Education Course. There are about 62 students in the classes, mostly Korean veterans.

D'Hanis
By request through Superintendent Slavik, the D'Hanis School filed for approval to operate their own transportation and receive funds directly. It was unanimously approved.

Castroville
W. W. Wernette, president, and Mrs. Helen Murrell, secretary of the Castroville School Board, filed a formal request for a twelve year system of classification. It was unanimously approved.

LaCoste
Supt. A. D. Blue of LaCoste R.H.S. directed C. F. Schweers to request a twelve year classification. The motion carried unanimously.

On May 3rd, the Medina County School Board approved the bus routes as they stand.

Members of the board are Hilmer Koch, Clifford Sadler, Joe Schott, Leo Bohl, and Ray Ward who will be replaced by W. T. Hardy.

A notice of the next meeting which will be to consider transfers, is tentatively planned for August. The definite date will be announced later on in the summer.

City Of Bandera To Honor Mrs. Mollie M. Haass

Mrs. Mollie de Montel Haass, wife of Judge H. E. Haass, will be the most honored guest at the forthcoming Centennial celebration in Bandera June 11th, 12th, and 13th.

Mrs. Haass as the only living child of Charles de Montel, one of the founders of Bandera, will be given the most honored guest seat in a decorated automobile in the big parade and will be presented with a beautiful bouquet of flowers in the reception for the pioneers to be held on Friday, June 12th.

Guard For Santa Anna
Mrs. Haass was the last born daughter of Charles de Montel and his wife Justine Pingnot. Charles de Montel came to the United States from Germany, bearing the name Charles Scheidemantel, in 1835. He was of good family, well-educated and ambitious, having read and heard of the wonderful opportunities in free America, he ran away from the Fatherland and came to Philadelphia, later coming to Texas, which at that time had begun

LIONS TO MEET

New officers will be installed by the Hondo Lions Club Wednesday night, June 10, at 8 P. M. when a ladies night program will be held.

Set for the Hondo High School cafeteria, a meal will be served to the Hondo club and their guests, as well as the Castroville, D'Hanis, Utopia and Sabinal club, which are also invited to the meeting.

District Governor Jack Wright will be the honored guest and the principal speaker, and he is taking this opportunity to visit all of the invited clubs at once.

the task of throwing off the Mexican yoke to become a Republic. Sam Houston's little army needed men, and Charles Scheidemantel enlisted with the Texans. He reached the San Jacinto battlefield just after the glorious victory had been won, and helped to guard Santa Anna while the Mexican dictator was Houston's prisoner.

Scheidemantel to Montel
While in the army Mr. Scheidemantel often met General Houston and became intimately acquainted with him. One day the General overheard some of the soldiers taunting the young German about his name, and after reprimanding the tormentors, he called Scheidemantel to him and gave him authority to shorten his name to Montel, or de Montel, and he did so thereafter becoming known as Charles de Montel.

Castro Colonists
After Texas gained her independence he spent a number of years in San Antonio, and became associated with John James in the work of surveying the Henry Castro grant and the Bexar District. When the first Castro colonists reached Port Lavaca in 1843, Charles de Montel piloted them to their new home on the Medina River, and was present at the founding of Castroville in 1844. The next year he was married to Miss Justine Pingnot, a daughter of one of the colonists. Sixteen children were born to them. Mr. de Montel resided at Castroville until his death, which occurred some time in the 80's, when he was in his 76th year.

Gratis Land Certificate
As one of Texas' earliest settlers, Montel received a gratis Texas Land Certificate dated December 20, 1843, from the Republic of Texas, having been lo-

Large Crowd Attends Memorial Services

"Today is Memorial Day. We have assembled to pay tribute to our comrades in arms who gave their lives in the causes for which we fight. We have come to pay tribute to the men who have returned to the shores of this their homeland for the last time to rest in eternal peace. Though most of these men whom we honor died and fought thousands of miles from home, they died and fought to preserve the liberties, the dignities, the ideals and the sacredness of human dignity in this our homeland.

"Our comrades fighting in Korea today are spending their lives in glorious testimony to our common determination that all nations shall be permitted to live according to their own precepts, beliefs and desires."

With those words Chaplain Robert G. Forbes, guest speaker for Memorial Day in Hondo, May 30th, 1953, defined the full meaning of this solemn occasion.

The various service organiza-

tions, in cooperation with the Hondo Air Base, the Hondo High School Band, the Blue Birds and the Camp Fire Girls sponsored this, one of the finest programs ever witnessed by the citizens of our city.

Following an impressive parade the program was scheduled in Memorial Park. The Hondo High School Band started off the hour-long program with the Star Spangled Banner, after which the audience recited the Pledge of Allegiance. Rev. H. R. James of the Baptist Church gave the opening prayer. The audience then participated in the singing of the first and last stanzas of "America," led by the Reverend Harold B. Cornelison of the First Baptist Church in Hondo. Rev. Harry M. Milton of the Church of Christ read from the Scriptures.

Highlight of the entire program was the recognition of the Gold Star Mother, Mrs. Maria Guajardo Esquivel, by the Commander of VFW Post No. 3871, Howard Haby. The organization presented Mrs. Esquivel, who has lost two sons in the Korean campaign, with a large bouquet of beautiful white flowers.

Dolly Saathoff, a Camp Fire girl, and Betty Bates, of the Blue Birds, placed a wreath on the Memorial Monument.

The main speaker, Chaplain Robert G. Forbes, was introduced by Elmo Pope, Commander of American Legion Post No. 128, Chaplain Forbes, a Congregational minister, is one of the outstanding Chaplains of the Korean campaign, having served the first 17 months of the war.

Benediction was given by Rev. Anthony J. Constantino of St. John's Catholic Church. There was a firing of volleys by the Pruneda Post of the America Legion followed by Taps played by the USAF Cadets.

At the cemetery, the Chamber of Commerce placed wreaths on the graves of William Sumner, Cruz Esquivel and Jesus Esquivel, Hondo men killed in the Korean campaign.

Vote Out The Parking Meters

We do not believe that the loss of revenue from the parking meters will effect our city tax rate. The net receipts have amounted to very little. According to the reports the total receipts have averaged \$80.00 per week, only one half remains in Hondo, the balance goes to the parking meter owners until all the meters are paid for.

Parking meters were supposed to help the merchants as well as the general public. If the meters do not help the merchants or the public, then we think they should be done away with. We, — merchants of Hondo, do not believe the meters have helped business in Hondo.

Most motorists have found that they are a plain NUISANCE. They resent being taxed for the purpose of parking when buying merchandise from the merchants.

While Hondo is a growing town, it is not large enough at this time, to necessitate meters for "crowded" parking conditions.

The added revenue to the city is hardly worth what they, the meters, are costing the merchants of Hondo every day. They have not brought business to Hondo. They have, in our opinion, chased business away to our surrounding towns.

We do not think it is fair to have meters in front of some places of business, and no meters in front of other places of business.

What is good for Hondo businesses is good for Hondo citizens. Let's vote the meters out. Go to the polls, at the Hondo City Utilities Office, next Tuesday, June 9, and vote.

Construction Underway In New LaCoste Addition

LaCoste boasts of the opening of a new addition in the townsite and residents are looking forward to the construction of several new homes this summer.

Mr. and Mrs. George Zinsmeyer have been busy selling lots in their East End Addition. Streets in the addition have been opened and gravelled. To date 10 lots in the addition have been sold and one home is under construction.

Leo Bendele has the foundation down for his home and John Lloyd Zuercher and Louis Lagleder plan to begin construction on their homes in the addition in the near future.

Other construction work underway in LaCoste is the Francis L. Biediger home in the north central section of LaCoste and a breezeway and garage at the R. J. Mangold home in the southwest section of town.

MISS McMEANS LEAVES TO TOUR EUROPE

Miss Lula Lee McMeans of the LaCoste High School faculty will leave LaCoste on Saturday, June 6, to entrain in San Antonio for New York City, where she will sail for England on June 11 to visit relatives, Captain and Mrs. Ellis J. Alexander and their young son, E. Jay. Miss McMeans will sail on the French Liner, Ile De France, which will dock at Plymouth on June 17. Here she will be met by the Alexanders.

The Alexanders and Miss McMeans will leave London on the 14th of July for a 14-day tour of the Continent. They will go through Belgium into Germany, up the Rhine River to Switzerland, through the Tyrol country of Austria, through the Dolomite country of northern Italy and south to Venice. From Venice the tour will take them to Genoa, west to Nice through the Italian and French Riviera, north to Paris and to Calais, across the Channel to Dover, then back to London. The group plan to do some touring and sightseeing in England, Scotland, and Wales during Captain Alexander's vacation from his duties in the U. S. Air Force.

Miss McMeans will sail from Southampton for New York on August 21 on the French Line Liberté, arriving in New York on August 27 and in LaCoste on August 30, just in time for the opening of the fall term of school.

A. Tschirhart's Entertain Friends

By Mrs. Louis Stein
NOONAN PEARSON — Roy Tschirhart was a SA visitor Tuesday.

Visitors in the Albert Tschirhart home on Monday were M&M Arnold Tschirhart and granddaughter, Daniel, from LaCoste, M&M Oscar Tschirhart and family, Roy Tschirhart and children and Louis and Leroy Stein.

Mrs. Alex Tschirhart visited Mrs. A. H. Tondre at Castroville on Monday.

M&M Ross Snyder and M&M T. J. Mason of Devine visited in the Oscar Tschirhart home on Sunday.

M&M Houston Baker and daughter Kay were at Castroville Saturday.

Mrs. Louis Stein and Mrs. Albert Tschirhart were at SA on Tuesday.

Personal Appearance

It was JEANNE GRANIERI, daughter of the JOE GRANIERIS of Mexico, who received the American Legion Award, a plaque presented to the outstanding student at Castroville High School for the year 1952-53. The plaque was engraved with JEANNE's name, and was presented to her by L. D. NUCKLES.

Among a group of people out of the LUTHER SMITHS one night last week, there was an accumulated 45,000 hours of flying time. Seven of the nine guests were all pilots. And one of the most interesting guests was MRS. JIM CHITTIM, who at the age of twenty worked with her older brother and put together a plane which they flew. MRS. CHITTIM says she was chief grease monkey and flunkie, but today among the CAA crowd she's a most respected flyer.

At this same get-together, we were really impressed with MRS. HUGH DRANE's beautiful Weimaraner dog. Weimaraner dogs originally come from the district of Weimar, Germany, and are considered to be among the world's rarest and finest. In fact, the owner has to show his "family tree" before he is allowed to buy one, or be allowed to stand in line to buy one. The DRANE's have three, two males and a female. They had with them their three-month old pup which is a beautiful silver grey. Before winding up the snatches of news out at the Smiths, it's Drane's son, DR. HUGH DRANE JR., who is Chief of Staff at the hospital in Kerrville.

On Sunday, we drove over to Big Foot to the BURNS open house with RUTH and J. T. LAWLER and MRS. BERNARD FITZSIMON, and while there had a good long talk with MRS. OTTO JUNGMAN, one of our LaCoste correspondents, and MRS. HENRY WURZBACH. We caught glimpses of the ALFRED MANGOLDS, and the STEINLES. By the way MARY, (MRS. BERNARD) FITZSIMON is one of those really good people to go places with always full of energy and interest.

The man who is greatly responsible for the work of pulling together the Memorial Day parade in Hondo on Saturday was MAJOR WARREN B. BELL of the Hondo Air Base. MAJOR BELL lives here with his wife MATTIE and two little daughters JOY and DONNA.

Over at the program we caught glimpses of the ESQUIVEL family, all there together, to see their Mother, MRS. MARIA GUJARDO ESQUIVEL honored as the Gold Star Mother of Hondo. And Hondo was really honored by having as the guest speaker for the services Chaplain ROBERT G. FORBES, one of the most outstanding Chaplains in this country. We caught glimpses of GEORGE RUCKER and J. F. DELONY among the Memorial Day crowds.

One of the prettiest additions ever made to Hondo was brought in by DOOLEY ECKHART. Her name was JOYCE KOEHLER, and she's just as nice as she is pretty. JOYCE works out at Base Operations at Hondo Air Base.

RONNIE KELLER and JOE SCHOTT of Castroville have left for San Francisco to pick up LINDY SCHOTT's car. LINDY sailed for Japan and left his car out there.

MARY LOUISE DEPUY and DOROTHY VANCE have returned from Mexico where they spent some good, lazy days with MARY LOUISE's Mother and Father.

We caught sight of CHARLOTTE MILLER DROITCOURT's good-looking daughter, MADELINE ANN who is here staying with her grandmother MRS. HELEN MILLER for a few days. MADELINE ANN's father JACK is now associated with Judge Al Heck's law firm in San Antonio.

Last Tuesday night a good many folks from Devine took in the piano recital presented by the pupils of MISS MINNIE BRISCOE over at the First Baptist Church. There were some very proud parents in the crowd.

In LaCoste folks don't waste much time getting things done. The members of St. Ann's Society have already set up a station where clothing for the people in Waco may be left. In charge of the drive is MRS. ALVIS LAGLEDER.

We received a wonderful little note from our Rio Medina correspondent, MRS. GLENN KELLER who is resigning due to a little "certain circumstance." We have not heard yet whether it's a boy or girl. We'll really miss MRS. KELLER's good column though. That's a dog you see MRS. MILTON BATOT carrying these days. It's a toy fox terrier, and weighs six ounces. The BATOTS call him Butch. Surely has big ears.

BARBARA BATOT'S main interest these days centers around

CASTROVILLE HOLDS GRADUATION EXERCISES

By Ruth Curry Lawler

CASTROVILLE — A filled auditorium witnessed the first graduation exercises to be held in the Castroville Rural High School Auditorium Friday, May 29. The grammar school graduates, Corice Bendele, Dicky Fletcher, Joe Hernandez, Bonnie Nell Haby, Jacqueline FitzSimon, Rose Marie Schneider, Colvern Huegele, W. A. Scott and Tommie Bippert led the processional to the front of the auditorium, followed by the high school graduates, Jeanne Granieri Louie Zinsmeister, and Donnie Tschirhart, dressed in royal purple caps and gowns.

The invocation was given by Rev. L. J. Durkop. A piano solo, Clair de Lune, by Debussy, was given by Jeanne Granieri. J. N. Kaderli introduced Joe E. Briscoe of Devine, who spoke on Faith. He urged the graduates to have faith in themselves, in new frontiers and in their own country, and gave examples of men who have had faith and succeeded, citing Jack Kapp, of the Decca Corporation and the Italian inventor, Neechi. He concluded by reminding the students to keep their faith in God, for "Youth, beauty, wit may recommend you to men, but only faith in Jesus Christ can recommend you to God."

W. W. Wernette, President of the School Board, presented the diplomas and 8th grade certificates. Mr. Kaderli then announced the honors. Mrs. Tom Cullins presented the PTA awards to the outstanding girl and boy from the Senior Class, Jeanne Granieri and Louie Zinsmeister, and to Bonnie Nell Haby and Dicky Fletcher from the 8th grade. Mrs. Bennett of the English Department presented reading awards from the State Department of Education to Helen Murrell, Carmen Bayer, Jeanne Granieri, Barbara Jo Woerner, Dorothy Jean Wurzbach and Maria Galinda.

The program ended with the singing of the Senior Song, "A Perfect Day."

Barbecue Dinner Honors C. Haass

LACOSTE—Mr. and Mrs. Howard Mangold and Mr. and Mrs. Ralph Mangold attended a barbecue dinner with all the trimmings given in honor of Charles Haass at Zimmerman's Grove on Sunday.

Rio Medina Wins Fourth Game With Defeat Of LaCoste 8 to 3 On Sunday

High atop a four game string in a 4-1 thriller played by the fourth the Tigers were closing the gap with single scores in the 4th and 5th, and went ahead 5-3 in the 6th when the Athletic defense fell apart, coupled with pitching wildness and the Tigers scored 3 times without a hit. Highlight of the inning was A. J. Stein's stealing home base. Tom Jungman worked on the mound for the Tigers to gain the victory. He allowed LaCoste but

5 hits, but was hard pressed at keeping his control. Trip, C. Bipert and Santleben all saw duty for LaCoste. Trip was charged with the loss.

Franklin Keller's 2 hits in 2 official appearances was the afternoon top performance, while Leroy Lutz of the Tigers and A. Keller of the Athletics collected doubles for the only extra base blows.

At D'Hanis, Veteran Lefthander Tom Finger and the D'Hanis Pirates turned back the Hondo Braves 5-1. Finger allowed the Braves 5 hits and a lone run in the 5th stanza while gaining his 2nd league win of the season. Bonard Rothe continued in his hitting stride, and drove home 2 of the Pirates scores with a double and a single for 4 trips. Joe Keefe, Pirate centerfielder, held the best record of the afternoon however, as he singled and doubled in 3 appearances. The victory marked the return of Jack Finger in the Pirate lineup at 3rd base.

Schmidt, Brave third baseman collected 2 of the Braves 5 hits in 4 official appearances. Paulie Mueller was the Braves moundman through the first 7 frames and was touched for all 8 Pirate hits and 5 scores. Blanton Taylor worked the 8th frame.

The Castroville Indians hit the win column again Sunday as they blasted Macdonna 13 to 4, after overcoming a first inning 3-run deficit. Ronald Keller started for the Indians and pitched superb ball after he settled down from

the rather wild first inning. He received credit for the victory and was relieved by Koch in the 8th. Stromman started for Macdonna, was shelled out in the 4th, as he gave way to knuckleballer Saatkamp. Stromman was the loser. Big Oscar Suehs led the Indians at the plate with a triple and a double in 3 trips, while Kempf collected 3 singles in 5 trips. For Macdonna, Reininger away from home at Macdonna, as were the Hondo and LaCoste games also.

Sunday's win over LaCoste moved the Tigers within one game of LaCoste's first place lead and left them in a 3-way deadlock with Castroville and D'Hanis in second place. Hondo dropped in to undisputed possession of the loop's third place berth as they absorbed a 5-1 defeat at the hands of the D'Hanis Pirates.

LaCoste was off to an early lead with 2 scores in the opening frame and another in the second, and Holt both collected 2 singles for 5 at bats. Whitehead added some extra base power with a ringing double.

Baseball Scouts Looking For New Talent

A flying squadron of keen-eyed baseball men who know talent when they see it are preparing to scour south Texas again for a team of young players able to beat the best of the under-19-crop in San Antonio. A schedule was completed Saturday for tryout camps at which Arthur "Pinkie" Whitney, Philadelphia's all-time third-basing star; Charley Engle, the former San Antonio and Fort Worth short-stop who has Texas league fielding records still in the book after 20 years; Marc Corrola, the former Mission manager and ace catcher for many years, and other experts will observe players anxious to compete in the annual South Texas All-Star Baseball game at Mission stadium the night of Aug. 4.

From this game, jointly sponsored by The Light and the Wrangling Wrecks local organization of sports-minded and charity active veterans of World War II who were 100 per cent disabled, will be chosen two boys to represent Texas in the annual Hearst National Sandlot game at the Polo Grounds, home of the Giants, in New York City the night of Aug. 22.

Where They Try Out
July 30 from 4 to 7:30 P. M. at the D'Hanis High School diamond, through arrangements with Superintendent J. M. Slavik, who also coaches the bi-district championship team of D'Hanis High. Further details of the tryout camps will be published from time to time in The Light. Players may attend one or all of them without any cost or obligation whatsoever. Players chosen for further consideration after each camp will be notified by further movements by Whitney, who must pick a squad of 20 for the Aug. 4 classic at Mission stadium.

HUGH DRANE, A ONE-ARMED TORNADO

Photographed on his way through Hondo in his bus-home, Hugh Drane, the first one-armed man to be issued a pilot's license by the CAA, and one of the few men who can play the piano with just five fingers and make it sound like ten.

Hugh Drane is from Corsicana, and when he came through Hondo last Friday night he cornered him long enough to get in writing a few of the exciting "incidents" of his life which would be interesting to The Anvil Herald readers.

First One-Armed Pilot
The most remarkable thing about this man is that he is one-armed and was the first one-armed man ever to be awarded his pilot's license by the CAA. And in addition to that he plays the piano very well. Drane waves aside these accomplishments as nothing out of the ordinary, but says there is one thing he has learned to do which might be called difficult by some, and that is fly fish with his one-arm.

But to go back a little to give you some background, Hugh Drane was born in Corsicana and just never got far from it.

Racing Cars
When pretty young he opened a garage in Corsicana which was the first garage for car repairs in the State of Texas, and so had automobiles brought to him from all corners of the State to be worked on. From automobiles he went on to racers, to racing and the designing of racing cars. He claims he never came in first, but came in last many a time.

The Ice Business And Fishing
After a short try at the Electric Power and Light business he ended up running his father's ice plant, and liked it so well, (because it gave him plenty of time to fish and hunt), that he has stayed with it for thirty-five years and now owns eleven plants all over Texas. During the last six years Drane and his wife have been traveling all over this part of Texas in an ACF Brill air-conditioned bus with a friend who does their driving and keeps an eye on their rare Weimaraner dog.

Shoe-ties And Flying
Twenty-five years ago on one of his hunting trips, a friend of Drane's accidentally shot off his arm. After spending about thirty-six hours in a hospital, Drane decided he was too strong and well a person to just lie up there in a hospital bed, and made up his mind to start getting around right then and there. The first thing he found it necessary to learn was tie his shoes which he proceeded to do. He said that after all, there were only two laces to a shoe and he had four fingers and a thumb. So, he learned to tie his shoes. Drane made up his mind he would not be handicapped and kept doing, or re-learning to do, all he ever did. But then, he decided he wanted to fly. In those days if you had ten hours of flying time you might get a license, but he had to fly sixty hours before being given a chance to solo. And had to log up 300 before getting a license. That was in the early days of flying when anyone who had the "curiosity" could climb aboard a plane without many questions or training.

One-armed Gadgets

Crane has only two one-armed gadgets. One contrivance he uses to bend the leader on the fly, and the other is a stitch horse to hold his pistols while he cleans them.

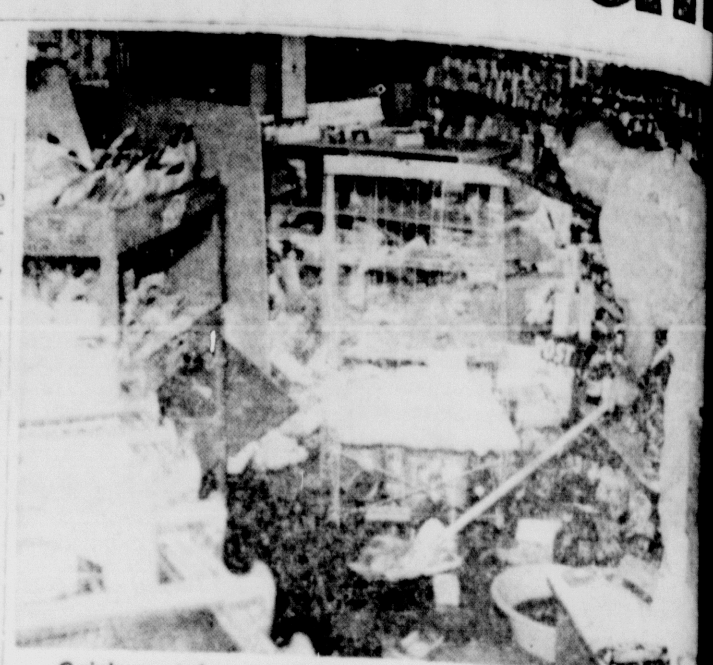

Crane stated he had only one important remark to make. A person can do pretty much what he makes up his mind to do, and if you consider a handicap to be a handicap, that is what it will be. But if you live with the determination that you will not be stopped, you can't miss much.

Bears To Take On Dean's Specialty

The Hondo Bears split a pair of games during the weekend, dropping a fast game to the Seguin Aztecs under the lights at Seguin Saturday night. The Bears had the game sewed up 3 to 0 until the 8th inning when a series of bases on balls and wild pitches let the Aztecs take over, 5-4.

Sunday afternoon the Bears journeyed to D'Hanis where they walloped the D'Hanis Cardinals, 11 to 6 behind the steady pitching of Rodriguez.

Sunday the Bears will take on Dean's Specialty nine at the Village diamond here.

Fletcher Davis Broadcasts

SOME OBSERVATIONS

ON MISADVENTURES

IN OUR COUNTRY

IN WAR

A DISILLUSIONED VETERAN SPEAKS HIS MIND

Mr. Fletcher Davis
Hondo Anvil Herald,
Hondo, Texas.

I read your articles in The Anvil Herald, and enjoy them very much.

As an American who believes with all his heart in what the United States flag stands for, I wonder, if that symbol could speak, how heart-breaking the words would sound. (Worse than words that could be set to types, I am sure).

As an individual, I know, like many other people, it is not hard to face an enemy, but if there is anything more heart-breaking and hurts worse, and hard to do, is to face a friend who has deceived you.

Is there ever a day coming when our government will realize how that Blue U. N. flag is deceiving the Stars and Stripes.

Are we Americans supposed to believe in that blue flag and what it stands for and the injustice it is to bring the world.

First, American boys are carrying a soldiers' pack and dying for the purpose of people who do not even believe in the American way of life, of Democracy, and will never be freed as we are, because our Government under the U. N. has no right to set up a solid Democratic nation after our boys are killed, for what was supposed to be, these people's freedom.

Second, the U. N. is not a government of the people, by the people and for the people. And if all the U. N. is - is a peace maker, and government of the World, then we shouldn't have fought World War II. We chose to fight.

Last but not least, the U. N. is as a false front for peace, and as false as a false prophet can get, as it has never recognized God.

I can't tell how other people think, but as for me, I'll take death before I'll give support, recognition or co-operation, to the United Nations.

If you think I am neurotic by this time, you are absolutely right.

I am sick of the world and what some of the present day leaders are trying to bring upon us sick people.

I am sick of those false prophets who say one thing with their mouths and think something else with their hearts.

I am sick of people who say we are fighting for peace in Korea, when we are fighting for the enslavement of the whole free blood stream, which is being dipped from our veins.

I am sick of psychological propaganda warfare, because if we told the truth we wouldn't need psychology or propaganda to begin with.

I am sick of the word Freedom, because it is first a word with no meaning.

I am sick of old men drafting teen-agers in the Armed forces and making men out of them, then denying them the right to vote and act as men.

I am sick of an Atomic Bomb that is supposed to frighten the American public into a stalemate in Korea.

I am sick of fear, of dying by the Atomic Bomb, when we were so willingly ready to die for our country during World War II, by any means that might kill us.

I am sick too because I saw men, those teen-agers men, die during World War II. And sick as I am, in my hope, I hope that these immortals have not died in vain because we who have lived, are ready to void the integrity they gave us, for the sake of our earthly possessions, and mortal lives.

I am sick of leaders who talk about teamwork and in the next breath talk about a few in Korea to carry the pack for hundreds back home.

I am sick because I have not written this letter a long time ago and stood for these principles.

I voted for Dwight Eisenhower and supported him, because I believe he believes in the constitution for which this country is based first.

I am still supporting him with hope that men like General MacArthur and General Wedemeyer (who have the solution to the Korean War) will not have to die with broken hearts, because the truths they reveal is covered by fear, prejudice and lies.

Now is the time that every American can test his or her conscience and see if he or she deserves the liberties of their fore-

fathers, and stand and cry out with the soul of Patrick Henry the immortal words: "Give me liberty or give me death!"

Now to be sure you understand how much political influence I have I control 1-140 millionth of the votes in this country.

Sincerely yours,
KENNETH LEROY ENGLISH,
Mico (Medina Lake), Texas.

AND THE COLUMNIST ASKS SOME QUESTIONS

Your columnist gives precedence this week in his allotted space to the foregoing plaint of a disillusioned soldier boy.

We do so gladly because we believe that he voices the thought and feelings of many, if not most, of his fellow service men who bear the physical and mental scars of their service—not to mention the hearts of every real mother who owns a gold star.

We are now involved in the fourth—and the most useless—war in the memory of this columnist, neither one of which would have necessarily involved us had our leaders adhered to the time honored precept of the founding fathers:—

"Maintain friendship with all nations; avoid entangling alliances with any."

Every time we have ignored this policy to follow one of intermeddling with foreign countries, we have paid for it in the blood and treasure of the American people—and been rewarded by the double cross!

To mention a few instances:—

In the Spanish-American war to free the Cubans from Spanish rule, we went to Asia and took the Philippines away from Spain also; and then took them from Aganaldo and his patriots to irrevocably embroil ourselves in Asiatic affairs.

In World War I, we helped Italy drive German invaders from her soil only to have to drive through Italy in World War II, at enormous cost in blood, in order to get into striking distance of her then ally, Germany.

In that same war, we furnished Russia \$11 billion—which she has never paid back—and intervened in the fighting in time to save Russia from a drubbing by Germany; today, we are re-arming Germany—our only fully acknowledged European ally—in order that she may help U. S. protect the rest of Europe from the Russians.

But the height of folly was reached when we plunged into a civil war in Korea as a partizan of one side only to find that our expected allies in the mis-called "United" Nations at best sent only "token forces" and we are bearing the brunt while some of those alleged Allies persist in selling supplies to the enemies they are supposed to be helping us fight.

And now the South Koreans, whom we have gone to so much expense in blood and treasure to help are threatening to quit us in the midst of the fighting.

What will be our next step in folly?

Where will it end?

And shall it be before we are all sick?

"Can any good (for America) ever come out of the United Nations?"

LETTER TO THE EDITOR

Hondo Anvil Herald, Hondo, Texas
Sirs:

I am interested in keeping up with the oil developments in Medina and Frio Counties and am wondering if you could advise as to where I might obtain a small survey or oil map showing the locations of present oil fields and which could be used to spot new tests as are announced from time to time. Could you also advise as to the cost of such a map?

I was born and raised in Hondo and, although I have not resided there since 1926, I have been a constant subscriber to your paper all these years. I always enjoy reading The Hondo Anvil Herald. Especially interesting was the article entitled "Oil Industry Gets under Way" which appeared in The Anvil Herald on May 15, 1953.

The mutterings of the "Seco Philosopher" are also enjoyable. I wonder if the author of that weekly sketch could not be Dr. Taylor?

Sincerely yours,
V. HARWOOD BLOCKER
American Consul

Editor's Note:
Sorry, it isn't Dr. Taylor.

The Legislature Reviewed

AUSTIN—Before leaving Austin, the legislators said to each other, "Goodbye, see you at the special session."

It is expected that Governor Shivers will call them back when the courts make a final decision on the natural gas tax.

If the tax is upheld, the state will have available the money that has been piling up since the tax was passed by the previous legislature, plus a monthly return of some \$1 million.

Governor Shivers has predicted that the court test will come to an end in the Fall.

New TB Hospitals

As to legislation passed, the governor thought these measures were good:

Authorizing new tuberculosis hospitals at San Antonio and Harlingen; setting up a stronger water conservation program; establishing a state toll road authority; increasing the pay of state employees \$180 per year; toning down the auto safety inspection law; providing three-day jail sentences for driving while intoxicated; and taking steps to study and deal with alcoholism.

The chief executive also thought favorably of these proposed constitutional amendments, to be voted on by the people in November next year:

Army Vote

Permitting Texans in the armed services to vote; authorizing use of a surplus in the Confederate Pension fund for state buildings; boosting the ceiling on state welfare expenditures from \$35 million to \$42 million; and permitting women to serve on juries.

There were several of the governor's proposals that the legislature failed to put into effect, including: Revising the election code; congressional and judicial redistricting; raising the money for road building; financing new buildings at Southwestern Medical School at Dallas, the University of Texas cancer research hospital and dental school, the deaf school and the prison system; and providing public school teachers a salary raise.

Increasing the teachers' pay was the hottest and most controversial issue of the session.

Teachers asked for \$600 per year additional salary—they got nothing, although a compromise, had they accepted it, would have given them \$306.

"It wasn't so much the money," the teachers' spokesman complained. "It was the principle of the thing."

They said that administration leaders never considered any way of financing the pay increase except by hiking local property taxes.

School people also balked at the administration's insistence that state payments to school superintendents and counselors be eliminated.

A statement was issued by the Texas State Teachers Association to the effect that it "should not be and has not been in the position of being willing to cripple or sacrifice its school program for the conditional promise of a small salary increase when the principles involved were so far-reaching."

The association said it would continue its fight for salary raises at the next session and pointed out that a special session could be called to deal specifically with this problem.

Retirement, Toll Roads, etc.

In addition to the proposed constitutional amendments listed above, these additional ones were passed by the Legislature and will be submitted to the people:

Increasing the pay of elected state officials, including members of the Legislature; giving precinct, county, and district officials four year terms instead of two-year terms; permitting teacher retirement system and state employee retirement system credits to be transferred; forbidding the state assume any debt on bonds issued to build toll roads; allowing state and local government workers to go under the federal social security plan; and authorizing counties under 10 thousand population to keep separate tax assessor-collectors by local option.

Some of these issues are controversial - you'll be hearing more about them as election time approaches.

Narcotics, Water

Fuss, Military Leave

As the session ended, Governor Shivers' desk piled up with bills passed and sent to him for his signature. He signed 25 of them in one day. These included provisions to:

Permit courts to order compulsory hospitalization of those who use narcotics except under a doctor's order.

Give the University of Texas regents power to lease land on the Southwestern Medical School campus to private research agencies.

Hike from \$150 to \$200 per month the Confederate pension of Walter W. Williams and his wife, who live near Franklin. Williams is one of the only two Confederate veterans living in Texas.

Set aside \$30 thousand to prosecute the Rio Grande water fuss with New Mexico.

Give state and local government workers 15 days annual military leave for National Guard or reserve training without loss of vacation time or salary. Members of the Legislature are excepted.

SECO PHILOSOPHER SAYS

ENGLAND GOT CROWNING IDEA FROM AMERICAN NEWSPAPERS

Editor's note: The Seco Philosopher on his Johnson grass farm takes the cake this week for backwardness, as his letter will reveal.

Dear editor:

I've heard it said by statesmen and students of history that the British Empire has been declining and shrinking in recent years, and while I've got nothing against decline and shrink, I know lots of folks who've been doing it steadily for years. I had not paid much attention to the claim.

In fact, the way England could still manage to swing a loan, regardless of who was in the White House, Democrats or Republicans led me to believe she was as mighty as ever, but the last few weeks I've begun to have my doubts.

They were brought on by all the excitement and hullabaloo over the crownin of the Queen over there.

Now personally I got nothing against the Queen, looks like one of the most level-headed young ladies I ever heard of, but what worries me about England is it looks like that once mighty empire is runnin out of ideas, at least of original ideas. Now she's copyin after America.

Crownin a queen is all right, it brings a big crowd to London, turns lots of tourists dollars loose, but thunder the idea has been used so much in this country it's about as novel as a Fourth of July float. In the last few years

a community which ain't crowned some sort of queen was considered as queer, almost unorthodox. A picture of some girl gettin crowned—doesn't make any difference who by, anybody from the governor to a county commissioner to a president of a chamber of commerce to a newspaper editor seems to be equally skillful at the job, in fact, I guess it's one of the few jobs it takes the least trainin at to reach perfection in that's known to man—as I say, a picture of some girl gettin crowned queen is as common a sight in the papers these days as a bathin beauty or a fugitive from justice.

In the last few years I can personally remember havin seen pictures of girls gettin crowned as bathin beauty queens, black-eyed pea queens, watermelon queens, cantalope queens, petroleum queens, wheat queens, rice queens, alfalfa queens, football queens, soil conservation queens, photo queens, better road queens, in fact, the only two queens I haven't seen pictures of are cumquat queens and blacksmith shop queens, and also Johnson grass queens, and somebody may be workin on them.

England is just runnin out of new ideas, but it didn't seem to make much difference if she did copy an American idea, the crowds sure swarmed in for the crownin.

Yours faithfully,

J. A. serves the liberties of their fore-

MEMORIAL DAY

There isn't a better example of America's success than this country is famous. This success has been well-earned, from the earliest times of Indian fighters to the campaign going on today.

On Saturday, a lot of people here in town stopped to remember the men who have made it possible for all of us to be living this good life. The Memorial Day Services, June 30, 1953, presented by various organizations in Hondo have been presented in any town, or city, in the world, been a credit to the community.

Hondo, representative of a way of life in the U. S. well be proud of its contribution to the success that made America the leader of all nations. It can well be proud of its contribution to the growth of this nation, and consciousness of the part it has played through the years in building of the character of this country.

LACOSTE — Mrs. Jerome Rihn was admitted as a new member of St. Ann Society of LaCoste at the May meeting held on Thursday May 28, at 2:30 P. M. in the club room of the school. Some twenty other members and Rev. Henry Herbst, pastor, were in attendance.

The sick committee reported several ladies of the parish ill, among them Mrs. Joe Lamon and Mrs. Adolph Hitzfelder.

Mrs. Harry Balmos will be the delegate to the National Convention to be held in conjunction with the State Convention.

Members were reminded of the 1953 Laywomen's Retreat and reservation blanks were handed out by Mrs. George Zinsmeyer. Anyone wishing to make one of the eight weekend retreats should contact Mrs. Zinsmeyer for reservation blanks.

Clothing for Waco

Clothing for the Catholics among the disaster victims in Waco will be collected in LaCoste and shipped this month. Mrs. Alvis Lagleder, deanery charities chairman of the Council of Catholic Women, was asked to take charge of the collection. Clothing should be left at the Catholic School or at Mrs. Lagleder's home in LaCoste. The deadline for turning in the clothing for shipment is Sunday, June 7.

The duties of society members at the funeral of any one of the members were discussed. The society members will be expected to form an honor guard in front of church when the body is brought to church for Mass and then members are asked to kneel in a body in the front pews on the right side of the church. After the priest turns to leave the church after the Mass the members should walk out directly behind the priest and ahead of the pallbearers to form an honor guard outside of the church again as the body is carried out.

Annual Picnic Plans

RECORD-BREAKING GAS MILEAGE

for the driving **YOU** do!

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

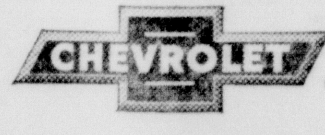

Inch along through heavy traffic. Roll up the miles in steady highway cruising. Long trips or short errands, byroads or boulevards, you get far more miles per gallon in this great new Chevrolet.

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide* models—and the advanced 108-h.p. "Thrifty-King" engine in gearshift models—deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most—important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only the new Chevrolet offers you. Come in and see for yourself!

*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission available on "Two-Ten" and bel Air models only.

PTA Gets Stung by a "Be"

The local PTA is feeling sheepish today. Seems they complained that the youngsters weren't learning enough. Said they couldn't even spell. So the kids challenged them to a spelling bee.

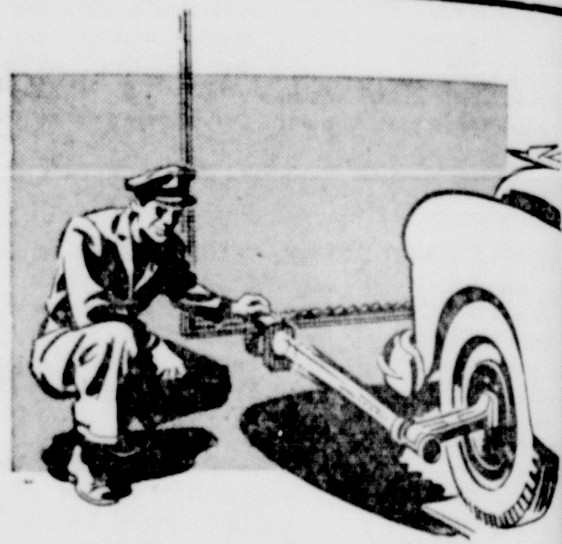

"I was captain of the PTA," "Doc" Brown told me. "Both teams made the first round just fine. But on the second round Speedy Taylor went down on 'efficiency.' Then his boy Chip, who happened to be next on the school team, rattled it right off. From then on it was murder!"

So now "Doc" says that the

whole PTA is thinking of ing up for night school. From where I sit, it pays to look and think. You leap to conclusions those folks who would me a temperate glass of without a moment's interference with their preferences for, say, milk. It's a good idea twice before you "sp" rules for your neighbor.
